ARRIVAL & COLLECTION

LITTLE MANOR PLAYScheme

The Froud Centre does not open until 9am. The Little Manor Play Project will not care for children before this time unless they are booked on the breakfast club or a play session has been extended to an earlier time. Breakfast club children should arrive between 8am and 8.40am to ensure they have time to eat breakfast.

All children who are not booked on the breakfast club should arrive between 9am and 9.15am unless otherwise stated in the notes of the timetable. It is important that children are here at this time so that we can get through registration quickly allowing us to start our activities or leave for trips on time. **WE WILL NOT TELEPHONE OR WAIT FOR LATECOMERS ON TRIP DAYS.** All children need to be brought to the centre by an authorised adult where they can be handed over to a member of staff in the reception area. Children in Year 6 or over can attend and leave the project unaccompanied if we have a signed Unaccompanied Child Consent Form.

All children should be collected by an authorised person at 6pm unless otherwise stated on the timetable.

THE MANOR YOUTH

The Froud Centre does not open until 9am. The Little Manor Play Project will not care for young people before this time unless they are booked on the breakfast club or a session has been extended to an earlier time. Breakfast club young people should arrive between 8am and 8.40am to ensure they have time to eat breakfast.

All young people who are not booked on the breakfast club should arrive between 10am and 10.15am unless otherwise stated in the notes of the timetable. All young people should arrive at 10am and sessions will conclude at 6pm unless otherwise stated in the notes of the timetable.

LUNCH

Children should not bring food to the project, however they should bring an empty rucksack everyday - even if we are not going on a trip. It is possible that we may need to change the timetable at short notice meaning that we may go out unexpectedly. If this is the case your child will be given lunch to carry and they will need a bag to put this in.

SNACKS

We will provide a snack every morning and afternoon.

TRAVEL

THE MANOR YOUTH

Young people who possess Zip Oyster Cards should bring them to the project every day.

PAYMENTS

Payments can be made by credit/debit card at our Reception in person or over the phone.

SPENDING MONEY

LITTLE MANOR PLAYScheme

Children are allowed a maximum of £5 spending money per day. If a child arrives with more than £5 they will only be permitted to spend up to £5.

THE MANOR YOUTH

Young people are allowed a maximum of £10 spending money per day. If a young person arrives with more than £10 they will only be permitted to spend up to £10.

The staff will not look after any money that your child may have. Please bear this in mind when giving your child spending money.

MOBILE PHONES

The project policy is that mobile phones are not generally allowed. We know that a few of our older playscheme children and the Manor Youth participants go home on their own. If this applies to your child please send an email to the project giving your child permission to bring the phone to the project - they should then hand the phone to a staff member at the beginning of each day and collect it at the end of the day.

WHATSAPP

For those parents who have agreed to their child being photographed/filmed - where possible we will take photos of your children and send them to you throughout the summer.

ACTIVITIES

This timetable indicates the main activities for each day. There will often be other smaller activities taking place. Such activities may include giant games, outdoor play, IT, football, badminton, table tennis, basketball, volleyball and group games.

Activities may be subject to change. Where possible, prior notice will be given of changes to the timetable.

CLOTHING

Please ensure that your child's' clothing and footwear are appropriate. On sunny days your child should have a hat. Strapped sandals are fine, but open sandals and flip flops are inappropriate for most activities. Remember, your child's long-term health is at risk if they continually bare their shoulders in the sun. Conversely, when the weather is bad please ensure your child has a coat. Your child should have a pair of socks every day.

Check the notes on the timetable each day to see if any additional clothing is required.

SUNSCREEN

It is sensible for children to wear sunscreen on very sunny days. Parents should apply this to their child before they arrive at the project. Children are allowed to bring sunscreen to the project but they must administer it themselves.
